

# Shrikant Lal

## Summary

Student who believes in constant learning and development through collaboration, communication and team work. I'm working on making myself better at all things technology.

## Contact Details:

Gmail:-

[lalshrikant12@gmail.com](mailto:lalshrikant12@gmail.com)

Linkedin-

<https://www.linkedin.com/in/shrikant-lal-719181137/>

## Tech Skills

C

C++

Java(OOPS),

Python, Maven

Linux,

HTML/CSS

Git and Github

Docker

## Education

**Class X Lucknow Public School sector-I** — Lucknow  
(7.0 CGPA)

**Class XII Lucknow Public School sector-I** — Lucknow  
(78%)

**B.Tech In Computer Science Engineering with  
Specialization in DevOps, Engineering  
UPES** — Dehradun

## Certification

### •Java(Basics)

Hackerrank <https://www.hackerrank.com/certificates/557ada60b399>

### •Programming for Everybody (Getting Started with Python)

<https://coursera.org/share/3e16e10ba6e63635253b4c97310a56e8>

## Projects

### **Skin Cancer Detection using Machine Learning**

(Developing machine learning model using neural networks to detect the probability of picture being a melanoma)

### **DNA Sequencing and Analysis**

(Sequencing and analyzing DNA using String manipulation algorithms)

### **Automated CI/CD pipeline using GitHub webhook**

(Creating the automated CI/CD pipeline using Jenkins and GitHub webhooks)

## Tech Domains

DevOps

Machine Learning
